## Passover.

The Jewish festival of Passover begins tomorrow (Saturday) evening. As is known, this is one of the ancient festivals ordained by the bible, and is celebrated in commemoration of the deliverance of the Israelites from Egyptian bondage. As that event marked the beginning of the national and religious life of the people of Israel, its importance even for their descendants in these days can be readily seen. In accordance with the biblical prescription unleavened bread is eaten during the seven days of the festival. Of these days only the first and the last are strictly holy days and observed by public services. Services for the eve of the first day of Passover will be held by the Sinai Congregation in this city at Odd Fellows' hall (El Paso St.) on Saturday evening at 6:30 P. M. No sermon will be preached and the service will be short so as to allow time for the home celebration, which is a special feature of this festival. Morning services will be held at the same place (Odd Fellows' hall) on Sunday at 10 A. M. Special music has been prepared for the occasion and the sermon on the meaning of the festival will be preached by Rev. Oscar J. Cohen. All are invited to attend.

The usual Sabbath Eve services will be held this Friday evening at the Presbyterian church at 8 o'clock. Sermon by Rabbi Cohen.

## THE SHOOTING.

Of Shayne By Hammond In Chicago Last Tuesday.

John T. Shayne, a wealthy furrier and prominent democratic politician, of Chicago was shot and probably fatally wounded last Tuesday afternoon by Harry H. Hammond, a tailor. The shooting occurred in the cafe of the Auditorium annex, where Shayne was sitting at lunch with Mrs. Hammond, the divorced wife of Hammond, and two other ladies. The party had been seated for some time when Hammond walked into the cafe, stood for a few minutes and went out. In about ten minutes he returned and, standing inside the door, deliberately pulled off his gloves and then, walking quickly up to Shayne who was sitting with his back toward him, drew a revolver. Shayne attempted to rise, but stumbled over the legs of his chair and fell to the floor.

As he was trying to rise, Hammond fired a bullet into his back. Shayne fell under the table and Hammond, pulling up the table cloth, deliberately fired two more bullets into the helpless man. He then walked out into the office of the hotel, where he stood waiting the arrival of an officer. He was quickly placed under arrest and taken to the Harrison street station, where he declined to make any statement. Shayne, who was a widower, had been in company with Mrs. Hammond a great deal since her divorce from Hammond, and there was talk of an approaching marriage between them. When it was thought that Shayne's death was a certainty, it was proposed that he should be married to Mrs. Hammond before his death. Later, however, the physician declared that Shayne had a faint chance for his life and the proposed wedding was postponed.

Mrs. Hammond secured a divorce from Hammond nearly a year ago on the ground of habitual drunkenness. No cause for the shooting is known, unless it can be attributed to Hammond's jealousy of his divorced wife.

All three bullets struck Shayne in the back, and it was at first the opinion of the doctors that his death was inevitable in a short time. Later, however, they declared that he had a chance, if blood poisoning does not set in.

## Left Over the T. P.

The "My Uncle from New York" dramatic company, which gave such a creditable performance at the opera house a few nights ago, left over the T. P. this afternoon and will show in Pecos and after resting there Sunday, they will move on playing at Midland, Abilene, Colorado City, Thurber and Weatherford on their way east. It is a merry company of 18 artists and it never fails to please an audience. They had calculated going north out of here but yesterday changed their route to the east and north. They carry their own band and orchestra and are a very entertaining combination.

Until further information and instruction, no hears, carriage, or other vehicle will be allowed to cross the river to Juarez to attend funerals, unless a certificate from the attending physician, showing cause of death, is first presented to the undersigned and found satisfactory, upon which the necessary free permit will be issued. E. ALEXANDER, U. S. Sanitary Inspector.

## A Girl Famine.

Manitoba is suffering from a "girl famine." Servants, apparently, cannot be hired. The young woman who acts as general servant in a private family can easily command \$16 a month at Winnipeg; the parlor maid, \$18; the cook, \$25; and the laundress, \$15 to \$20. Numbers of Scotch lassies were brought to the province last spring, and already over 50 per cent of them are married.
